

CAPE LOOKOUT NATIONAL SEASHORE

North Carolina

Alternative B:
Reinstate PWC Use
under a Special
Regulation with
Additional Management
Prescriptions

Under Alternative B,
PWC would be allowed
at flat-wake speeds
perpendicular to shore only
at the indicated special use
areas

United States Department of the Interior/National Park Service WASO/June 2003/623/20061

LEGEND

	Other managed lands		Marshland		Water depth 0 - 2 meters		Ranger station - Seasonal		Picnic area		Parking - Permit
	Maritime forest		Tidalflat		Water depth over 2 meters		Restrooms		Lodging (cabins)		Dump station
	Beach and grassland		Ferry route		PWC use area*		Picnic shelter		Gas station		Water - Seasonal
							Showers				

*PWC use areas would extend 150 feet from the shoreline at mean low tide; the map shows an exaggeration for location of PWC use areas only.
